C Mathematical and Quantitative Methods

O.W. Maietta, The effect of the normalisation of the shadow price vector on the cost function estimation (C3) 381
D.M. Egginton, A. Pick and S.P. Vahey, 'Keep it real!': a real-time UK macro data set (C8) 15
I. Ahamada, Tests for covariance stationarity and white noise, with an application to Euro/US dollar exchange rate (C12)177
L. Bisaglia and I. Procidano, On the power of the Augmented Dickey–Fuller test against fractional alternatives using bootstrap (C12)343
C. Papageorgiou, Trade as a threshold variable for multiple regimes (C13) 85
M.A. Carree, Technological inefficiency and the skewness of the error component in stochastic frontier analysis (C13)101
L.A. Gil-Alana, Structural breaks and fractional integration in the US output and unemployment rate (C22) 79
J. Andersson, An improvement of the GPH estimator (C22)137
A. Beatriz C. Galvão, Can non-linear time series models generate US business cycle asymmetric shape? (C22)187
G. De Vita and A. Abbott, Are saving and investment cointegrated? An ARDL bounds testing approach (C22)293
L.A. Gil-Alana, A mean shift break in the US interest rate (C22)357
L.A. Gil-Alana, Empirical evidence of the spot and the forward exchange rates in Canada (C22)405
C.G. Bowsher, On testing overidentifying restrictions in dynamic panel data models (C23)211
G.E. Chortareas, G. Kapetanios and Y. Shin, Nonlinear mean reversion in real exchange rates (C23)411
H.-s. Huh, GDP growth and the composite leading index: a nonlinear causality analysis for eleven countries (C32) 93
P.C.B. Phillips and S. Jin, The KPSS test with seasonal dummies (C32)239
S. Gilbert, Testing the distribution of error components in panel data models (C33) 47
A. Levy, Tobit without apology (C34)399
J.C.R. Alcantud, Non-binary choice in a non-deterministic model (C60)117
T. Quint and M. Shubik, A bound on the number of Nash equilibria in a coordination game (C72)323

D Microeconomics

A. Siegmann, Optimal saving rules for loss-averse agents under uncertainty (D1) 27
F.A. Sloan, V.K. Smith and D.H. Taylor, Information, addiction, and 'bad choices': lessons from a century of cigarettes (D12)147
T. del Barrio-Castro, E. López-Bazo and G. Serrano-Domingo, New evidence on international R&D spillovers, human capital and productivity in the OECD (D24) 41
R.A. Naylor, Industry profits and competition under bilateral oligopoly (D43)169
J.C. Dutra and F.M. Menezes, Hybrid auctions (D44)301
C.I. Giannikos and D. Ozenbas, Investment in real assets and information acquisition: the OCE preferences case (D81) 73
G. Carlier and D. Gaumont, A note on wage differentials, fixed-wages and adverse selection (D82)349
R. Hanson, Disagreement is unpredictable (D82)365
R. Bénabou and M. Pycia, Dynamic inconsistency and self-control: a planner–doer interpretation (D90)419
K. Borissov, Indeterminate steady-state equilibria in a one-sector model (D91)125
K. Hellwig, Growth and utility maximization (D92)377

E Macroeconomics and Monetary Economics

P.L. Siklos, Asymmetric adjustment from structural booms and slumps (E0) 329

Elsevier Science B.V.
PII: S0165-1765(02)00277-X

H.J. Brumm, Inflation and Central Bank independence revisited (E5) 205
A. Chéron, Labor–market search and real business cycles: Nash bargaining vs. fair wage (E24)279
J.-P. Danthine and J.B. Donaldson, A note on NNS models: introducing physical capital; avoiding rationing (E30)433
K.D. Salyer, Calibration and the volatility of labor: a cautionary note (E32)265
S.H.K. Tang, The link between growth volatility and technical progress: cross-country evidence (E32)335
B. Romhányi, Extending the McCallum monetary policy reaction function for more than two periods (E43)227
G. Peersman, Monetary policy and long term interest rates in Germany (E4-E5)271
P. Lawler, Monetary uncertainty, strategic wage setting and equilibrium employment (E52) 35
C. Jensen and B.T. McCallum, The non-optimality of proposed monetary policy rules under timeless perspective commitment (E52)163
M. Chauvet and S. Potter, Predicting a recession: evidence from the yield curve in the presence of structural breaks (E52)245
E. Farvaque, Political determinants of central bank independence (E58)131
H.P. Grüner, How much should central banks talk? (E58)195
W.C. Gruben and D. McLeod, Capital account liberalization and inflation (E310)221

F International Economics

J. Wagner, The causal effects of exports on firm size and labor productivity: first evidence from a matching approach (F10)287
R. Frensch, Tariffs in monopolistic competition models with leisure-consumption trade-off (F12)255
J. Ju and K. Krishna, Regulations, regime switches and non-monotonicity when non-compliance is an option: an application to content protection and preference (F13)315

G Financial Economics

M. Freeman, Asset pricing with jump/diffusion permanent income shocks (G12) 1
W. Leigh, N. Paz and R. Purvis, Market timing: a test of a charting heuristic (G14) 55

H Public Economics

S. Chae, Tax incidence with bargaining (H20)199
S.B. Nielsen, Cross-border shopping from small to large countries (H87)309

J Labor and Demographic Economics

E. Caroli and C. García-Peñalosa, Risk aversion and rising wage inequality (J3) 21
G. Skoog and J. Ciecka, Probability mass functions for additional years of labor market activity induced by the Markov (increment–decrement) model (J21)425
B. Kim, The role of the urban/non-urban cost-of-living difference in measured intergenerational earnings mobility (J62) 9
H. Choi and D. Shin, Do past unemployment spells affect the duration of current unemployment? (J64)157

L Industrial Organization

A. Gschwandtner and V.E. Lambson, The effects of sunk costs on entry and exit: evidence from 36 countries (L00)109
A. Fishman and R. Rob, Product innovations and quality-adjusted prices (L12)393
J.J. Gabszewicz and X.Y. Wauthy, Quality underprovision by a monopolist when quality is not costly (L13) 65
D. Bosworth, The returns to R&D in Tobin q models and the option value of future R&D (M0) 439

O Economic Development, Technological Change, and Growth

M.T. Alguacil, A. Cuadros and V. Orts, Foreign direct investment, exports and domestic performance in Mexico: a causality analysis (O1) 371
R. Kanbur and D. Pottebaum, A note on public goods dependency (O10)233

Q Agricultural and Natural Resource Economics

N. Khanna, The income elasticity of non-point source air pollutants: revisiting the environmental Kuznets curve (Q01)387
